

DISCLAIMER: This map is not a legally binding document. It is not to scale, and all boundaries are approximations. Please use it only for discussion purposes, and not for any kind of precision work. Lawyers and title companies will need to work out the actual parcel-by-parcel boundaries. I provide no guarantee whatsoever that these lines are accurate.

Onondaga boundaries are approximations. Dashed purple line reflects map at <http://www.onondagana.org/map2.pdf>, while solid line indicates boundary marked in *Old Indian Trails in Tompkins County*, by W. Glen Norris, 1944, revised 1969. In both cases, pre-Revolutionary War Onondaga land is to the east of the line, and Cayuga land is to the west.

Map created by Simon St.Laurent, 2005. <http://livingindryden.org/>
