To Whom It May Concern:

This is to inform you that I have office space available to temporarily house the Town of Dryden Recreation Dept. in the rear entrance of 15 W. Main Street. The cost to use this space would be \$100 per month payable to Janielle Horton. The \$100 would include heat/AC, electric and high-speed internet access (you would be able to cancel your current Frontier internet for the recreation dept.). The only additional cost that I can think of would be your monthly phone bill and the cost to transfer that service to the new office.

It is my understanding that office space may be needed until fall of 2006. I do not foresee a problem with this although I wonder if after 6 months we should come together and see how things are working out.

Please call me at the above listed phone number if you have any questions or concerns.

Sincerely,

David E. Horton
